Explanation

Use Active Directory Users and Computers to create OUs as follows:

1. From Hyper-V Manager, select **CORPSEVER**. Expand the Hyper-V Manager window so you can view all virtual machines.
2. Right-click the **CorpDC** server and select **Connect**.
3. From Server Manager, select **Tools > Active Directory Users and Computers**.
4. Select **CorpNet.com**.
5. Select the **Create a new organizational unit in the current container** icon from the menu bar.
6. Enter the *name* of the OU.
7. Make sure that **Protect container from accidental deletion** is selected to prevent the OU from being deleted.
8. Click **OK**.
9. Repeat steps 4-8 for each OU specified.
