Your Score: 2 of 2 (100%)

Elapsed Time: 1 minute 46 seconds

Pass Status: Pass

Required Score: 100%

Task Summary

- ✓ Enable automatic caching for the Archives shared folder.
- ✓ Optimize for performance by allowing automatic caching of program files and data files.

Explanation

In this lab, you perform the following tasks:

- Make all files and programs that users open from the shared folder available offline automatically.
- Optimize performance by caching programs and files.

Complete this lab as follows:

1. From Hyper-V Manager, select **CORPSEVER**.
2. Expand the window to view all virtual machines.
3. Right-click **CorpFiles16** and select **Connect**.
4. From the taskbar, open **Explorer**.
5. Navigate to the *shared folder*.
6. Right-click the *folder* and select **Properties**.
7. Select the **Sharing** tab.
8. Select **Advanced Sharing**.
9. Select **Caching**.
10. Select **All files and programs that users open from the shared folder are automatically available offline** to enable automatic caching of files.
11. Make sure **Optimize for performance** is enabled.
12. Click **OK** to close the Offline Settings dialog.
13. Click **OK** to save your setting changes.
