Required Score: 100%

Task Summary

Actions you were required to perform:

- ✓ Enable Remote Desktop
- ✓ Allow Tom Plask to connect using Remote Desktop
- ✓ Open the firewall port for Remote Desktop

Explanation

In this lab, your task is to complete the following:

- Enable Remote Desktop.
- Allow Tom Plask to connect using a Remote Desktop connection.
- Open the firewall ports for Remote Desktop.

Complete this lab as follows:

1. Select **Start**.
2. Select **Settings**.
3. Maximize the window for easier viewing.
4. Select **System**.
5. On the left, select **Remote Desktop**.
6. Under Remote Desktop, drag the Enable Remote Desktop slider right to **ON**.
7. Select **Keep my PC awake for connections when it is plugged in**.
8. Select **Make my PC discoverable on private networks to enable automatic connection from a remote device**.
9. Under User Accounts, click **Select users that can remotely access this PC** to authorize users for Remote Desktop.
10. Select **Add**.
11. In the Enter the object names to select field, enter **Tom Plask**.
12. Select **OK**.
13. In the Remote Desktop Users window, select **OK**.
14. Verify the firewall port configuration as follows:
 - a. At the top left, select **Home**.
 - b. Select **Network & Internet**.
 - c. Select **Windows Firewall**.
 - d. On the left, select **Allow an app or feature through Windows Firewall**.
 - e. Select **Change settings**.
 - f. Select **Remote Desktop**.
 - g. Select **OK**.
