Task Summary

Actions you were required to perform:

 View log files using journaldHide Details View the kernel messages for the current boot View the system log in reverse order

Explanation

In this lab, your task is to view the system logs using the **journalctl** command with the option that:

- Displays the kernel message log from the current boot.
- Displays the system log in reverse order with the newest entries first.

Complete this lab as follows:

1. At the prompt, type **journalctl -k** and press **Enter**.
2. Type **q** to quit.
3. Type **journalctl -r** and press **Enter**.
