Pass Status: Pass

Required Score: 100%

Task Summary

Actions you were required to perform:

- ✓ Configure the Integrated NIC in the BIOS for PXE
- ✓ Verify the computer boots into Windows 10

Explanation

In this lab, your task is to complete the following:

- Turn on the computer in Office 2.
- Configure the Integrated NIC in the BIOS for PXE.
- Boot the computer and install the Windows 10 image.
- Verify the new image is working on Office2.

Complete this lab as follows:

1. On the computer, click the **power** button.
2. Configure the Integrated NIC for PXE boot as follows:
 - a. Press **F2** to enter the Setup Utility.
 - b. Expand **System Configuration**.
 - c. Select **Integrated NIC**.
 - d. Select **Enabled w/PXE**.
 - e. Click **Apply**.
 - f. Under General, select **Boot Sequence**.
 - g. Make sure **Onboard NIC** is selected.
 - h. Click **Exit**.
3. In the Windows Boot Manager, press **Enter** to select the Windows 10 (x64) image.
4. After the image is loaded, verify that the computer boots into Windows 10.
