Required Score: 100%

Task Summary

Actions you were required to perform:

- ✓ Select the HP Photosmart printer
- ✓ Connect the printer to the computer
- ✓ Plug in the printer

Explanation

In this lab, your task is to complete the following:

- Choose the most appropriate printer that can print color and has the highest resolution.
- Connect the printer to the computer.
- Plug the printer into the surge protector.

Complete this lab as follows:

1. Above the computer, select **Back** to switch to the back view of the computer.
2. On the Shelf, expand **Printers**.
3. Read the **description** for each printer.
4. Identify the **printer** that best meets the scenario requirements.
5. Drag the **HP Photosmart Plus** printer to the Workspace.
6. Above the printer, select **Back** to switch to the back view of the printer and examine the connection port.
7. On the Shelf, expand **Cables**.
8. Read the **description** for each cable.
9. Select the **USB Cable (A/B)**.
10. Under Selected Component, drag the **USB Type B Connector** to the port on the back of the printer.
11. Under Selected Component, drag the **USB Type A Connector** to the port on the back of the computer.
12. On the Shelf, select **Power Adapter for HP**.
13. Under Selected Component, drag the **Power Adapter DC** connector to the port on the back of the printer.
14. Under Selected Component, drag the **Power Adapter AC** connector to an AC power port on the surge protector.
