Task Summary

Actions you were required to perform:

- ✖ Enable File History on Data (D:)
- ✖ Save copies of files every 10 minutes
- ✖ Keep saved versions for 3 months

Explanation

In this lab, your task is to complete the following:

- Enable File History on the **Data (D:)** volume.
- Configure File History to save copies of files every **10 minutes**.
- Retain previous versions of files for **3 months**.

Complete this lab as follows:

1. Enable File History on the Data (D:) volume as follows:
 - a. In the search field, enter **Control Panel**.
 - b. Under Best match, select **Control Panel**.
 - c. Select **System and Security**.
 - d. Select **File History**.
 - e. Verify that **Data (D:)** has been selected for storing File History information.
 - f. Select **Turn on**.
2. Configure File History as follows:
 - a. On the left, select **Advanced settings**.
 - b. In the Save copies of files drop-down list, select **Every 10 minutes**.
 - c. In the Keep saved versions drop-down list, select **3 months**.
3. Select **Save changes**.
