Task Summary

Required Actions

✔ Disable zone transfers for the CorpNet.local zone

Explanation

In this lab, your task is to disable zone transfers for the CorpNet.local zone.

Complete this lab as follows:

1. From Server Manager, select **Tools** > **DNS**.
2. In the left pane, expand **CORPDC3**.
3. Expand **Forward Lookup Zones**.
4. Right-click **CorpNet.local** and select **Properties**.
5. Select the **Zone Transfers** tab.
6. Deselect **Allow zone transfers**.
7. Click **OK**.
