Lab Report

Your Performance

Your Score: 2 of 2 (100%)   Pass Status: Pass

Elapsed Time: 43 seconds   Required Score: 100%

Task Summary

Actions you were required to perform:

  ✔ Make schawla a member of the hr group

  ✔ Make schawla a member of the mgmt2

Explanation

In this lab, your task is to:

- Identify all the groups that the schawla user belongs.
- Add **mgmt2** and **hr** as secondary groups to the schawla user, but make sure the user is still a member of all current groups.
- View the /etc/group file to verify the changes.

Complete this lab as follows:

1. At the prompt, type **groups schawla** and press **Enter** to view a list of all groups the user belongs to. You will see that schawla currently belongs to the mgmt1 and sales group. The schawla group is the user's primary group.
2. Type **usermod -aG mgmt2,hr schawla** and press **Enter** to add hr and mgmt2 to the secondary group memberships for the schawla user account.
3. Type **cat /etc/group** or **groups schawla** and press **Enter** to verify the changes.
