Task Summary

❌ Disable zone transfers for the CorpNet.com zone

Explanation

In this lab, your task is to disable zone transfers for the **CorpNet.com** zone.

Complete this lab as follows:

1. From Server Manager, select **Tools** > **DNS**.
2. Expand **CORPDC3** > **Forward Lookup Zones**.
3. Right-click the *zone* you want to edit and select **Properties**.
4. Select the **Zone Transfers** tab.
5. Deselect **Allow zone transfers**.
6. Click **OK**.
