Explanation

In this lab, your task is to:

- Install the smart card key readers
- Install the IP security cameras
- Install the Restricted Access sign on the networking closet door
- Install the visitor log on the Lobby desk

Complete this lab as follows:

1. Install the smart card key readers as follows:
    a. On the Shelf, expand **Door Locks**.
    b. Drag a **Smart Card Reader** from the shelf to the highlighted location outside the building's front door.
    c. Drag a **Smart Card Reader** from the shelf to the highlighted location outside the Networking Closet's door.

2. Install the IP security cameras as follows:
    a. On the Shelf, expand **CCTV Cameras**.
    b. Drag the **IP Security Camera** from the shelf to the highlighted circle inside the Networking Closet.
    c. Drag the **IP Security Camera** from the shelf to just outside the Networking Closet.

3. Install the Restricted Access sign as follows:
    a. On the Shelf, expand **Restricted Access Signs**.
    b. Drag the **Restricted Access Sign** from the shelf to the Networking Closet door.

4. Install the visitor log as follows:
    a. On the Shelf, expand **Visitor Logs**.
    b. Drag the Visitor Log from the shelf to the Lobby desk.
