Task Summary

Actions you were required to perform:

✔ Rename the sales group to western_sales_division

✔ Create the eastern_sales_division group

✔ Remove aespinoza from the western_sales_division group

✔ Add aespinoza to the eastern_sales_division group

Explanation

In this lab, your task is to:

- Rename the sales group **western_sales_division**.
- Create the **eastern_sales_division** group.
- Remove aespinoza as a member of the **western_sales_division** group.
- Assign aespinoza as a member of the **eastern_sales_division** group.
- When you're finished, view the /etc/group file or use the **groups** command to verify the changes.

Complete this lab as follows:

1. At the prompt, type **groupmod -n western_sales_division sales** and press **Enter** to rename the sales group to western_sales_division.
2. Type **groupadd eastern_sales_division** and press **Enter** to create the eastern_sales_division group.
3. Type **usermod -G eastern_sales_division aespinoza** and press **Enter** to modify group membership. When you assign aespinoza to the eastern_sales_division group with the **usermod -G** option, the user account is removed from the western_sales_division group.
4. Use **cat /etc/group** or **groups aespinoza** to verify the aespinoza's group membership.
